Our mission is to **FEED** our neighbors, **HEAL** self-sufficiency, and **GROW** healthy foods by cultivating innovative approaches to end hunger.

The Food Shuttle is a nonpartisan, 501(c)(3) non-profit organization and a member of the Feeding America National Network of Food Banks. Our programs seek to support neighbors in our community for whom access to nutritious food is a barrier. We aim to alleviate that barrier by recovering and distributing food and resources to our various agency partners. As a result, our neighbors can access food at no cost at mobile markets and food pantries throughout our seven-county service area, including Wake, Durham, Johnston, Orange, Chatham, Nash, and Edgecombe counties.

Our organization could not make as great an impact without our volunteers. As each of us looks to one another for support, we look to our volunteers to help guide our mission and build stronger communities. Below are opportunities available to the public to learn what we do and to become involved in a local initiative. We welcome our passionate neighbors to volunteer across our programs!
